2024 INFORMS Conference On Service Science Announcement

June 22-24, 2024, Macau, China

2024 INFORMS Conference on Service Science (ICSS2024) program committee is committed to organizing a quality program with diverse participants who will share their visions, knowledge and experience in Service Science Research, Education, and Applications. The conference theme is Foundation Models and Infrastructure Intelligence for Sciences Transformation.

This conference presents an excellent opportunity for you to present your Service Science related research, education, and implementation work, to learn about the emerging technologies and applications, and to network with international leaders and professionals in the field. We sincerely invite you to submit a paper/ abstract.

Unless otherwise notified by the conference organizers, participants are ultimately responsible for expenses related to the conference and are solely responsible for obtaining any required travel visas to the host country.
